

# Sklar Furnishings Responsible Wood Sourcing Policy

Sklar Furnishings is committed to the responsible use of forest resources, including the wood used in our furniture. Sklar Furnishings therefore will work with our suppliers on an ongoing basis to eliminate wood from unacceptable sources and to progressively increase the amount of responsible wood- wood from certified and recycled/reclaimed sources- procured over time.

Sklar Furnishings recognizes the Forest Stewardship Council (FSC) as an important tool to promote responsible forest management. We prefer sourcing FSC-certified wood furniture when it meets our requirements.

Sklar Furnishings is also firmly committed to avoiding wood from unacceptable sources, including:

- Illegally harvested or traded timber;
- Timber harvested in violation of traditional or civil rights;
- Time harvested from areas in which high conservation values are threatened by poor forest management
- Timber harvested from areas being converted from forests to plantations or non-forest use
- Timber from forests in which genetically modified trees are planted.

Through this Policy, Sklar Furnishings seeks to set a positive example for our peers to do our part to protect the world's forests.
